

Open Top Process Chemical Tanks

A Day Tank Solution for Chemical Process Management

OPEN TOP PROCESS CHEMICAL TANKS - OPEN TOP PROCESS CHEMICAL TANKS - OPEN TOP PROCESS CHEMICAL TANKS - OPEN TO

Cylindrical open top tanks are available in linear (LPE) and crosslink (XLPE) polyethylene materials and include dust cover style lids. Translucent natural is the standard color, but they are also available in Gemini Blue or Black for a 10% adder. Other custom colors available on request. Flat area on sidewall with molded-in calibration showing level in gallons and liters, Blackened-in lettering is available at additional cost. Tank diameter does NOT include top rim flange. Height is from floor to top of lid. Open Top Tanks with LPE construction are ALS Group USA, Corp. NSF/ANSI/CAN 61 Certified in all sizes. XLPE tanks are NSF/ANSI/CAN 61 Certified in sizes from 55 - 500 gallons.. ProChem® Open Top Tanks are also available in Polypropylene (PPL) and PVDF (Kynar). Contact customer service for pricing.
